Hey Dan,

They are two separate walks. The one with Sanitation and DWP is specifically to look at potential future projects related to stormwater capture.

Those departments are looking at all the Great Streets for water related projects.

The walk on June 4 will be primarily to look at fixing existing infrastructure on Hollywood Bl.

Best,

Carter

Sounds good. BOS and DWP invited me to a walk of the Blvd tomorrow morning... Carter, I believe you are on the email as well. Are there two separate walks?

Can't do 6/4 in the morning unless we start at 11:00 AM at the earliest.... please let me know if that works.

Hey all,

Matthew and I just had a chance to talk about some of the street maintenance and other projects the BID has identified.

I think the next step would be to schedule a site visit in June with our city departments to review some of those items. We can ID what can be done in short term and what requires more planning/coordination.

How does Thursday 6/4 in the morning work for everyone?

If it does – I'll line up the departments.

Cheers,

Carter
